## EDUCATION

### Poornima College of Engineering

August 2019–July 2023

Bachelor of Technology – Information Technology (IT)

CGPA: 8.02

**Relevant Coursework:** Data Structure & Algorithm, Object Oriented Programming, Web Development

## PROFESSIONAL EXPERIENCE

### MNJ Software

Remote

UI Developer (Intern)

April 2024– Present

- Designed a responsive and intuitive UI, elevating user-friendliness and adaptability across devices, leading to a 20% surge in user engagement and satisfaction
- Contributed significantly to the team project through efficient collaboration, resulting in a 15% reduction in project completion time and ensuring the timely delivery of high-quality outcomes

### Codextra Protech Pvt Ltd

Jaipur

Frontend Developer

January 2023– March 2023

- Spearheaded the design and maintenance of over 10 responsive web applications using React.js, meticulously adhering to responsive design principles and guaranteeing seamless cross-browser compatibility across diverse devices
- Orchestrated the implementation of a JWT authentication mechanism, yielding a significant 30% reduction in unauthorized access attempts. This fortified platform integrity and fortified user data security measures, ensuring steadfast protection throughout the authentication process.

### Goeduhub Technologies

Remote

Summer Trainee

June 2021– July 2021

- Actively acquiring proficiency in Python programming and mastering advanced Machine Learning techniques through intensive training sessions
- Successfully executed an end-to-end machine learning project aimed at predicting used car prices, achieving a predictive accuracy of 90% and delivering actionable insights for market analysis and pricing strategies

## ACADEMIC PROJECTS

### HRMS — Jwt, React JS, Bootstrap, REST Api, Material UI

- Engineered a comprehensive Human Resource Management System (HRMS) leveraging JWT authentication, React JS, Bootstrap, REST API, and Material UI, resulting in a 20% increase in operational efficiency
- Incorporated innovative features including real-time location capture and image submission to commence workdays, initiating a timer upon submission, and delivering distinct dashboards for administrators and employees, enhancing productivity and monitoring capabilities

### Portfolio Website — Formspree, HTML, CSS, JavaScript

[LINK](#) | [GITHUB](#)

- Created a dynamic portfolio website with JS, integrating Formspree for smooth communication
- Implemented engaging animations using HTML, CSS, and JavaScript, boosting user interaction by 40%

### Code Editor — HTML, CSS, JavaScript

[LINK](#) | [GITHUB](#)

- Engineered a powerful Code Editor tool, enabling streamlined composition, editing, and live previewing of HTML, CSS, and JavaScript code
- Crafted an intuitive interface and responsive layout, resulting in a seamless coding experience across diverse devices and empowering users to effortlessly develop web projects

## ACHIEVEMENTS

- 1st in Robo war(Aadhar-IX) (10/2019)
- Pre-Rashtrapati Awarded Guide (2018)

## ADDITIONAL INFORMATION

- Technical Skills:** C, JavaScript, Sql, HTML, CSS
- Technologies\Frameworks:** React JS, Node.js, Express.js, Bootstrap, Tailwind css, Vanilla CSS
- Developer Tools:** Git, Github, VS Code, Postman, JSON, Vercel
- Soft Skills:** Leadership, Team Management, Creativity
